

DO YOU WORK OUTDOORS?

If your work involves **TREE TRIMMING, CONSTRUCTION, HAULING, YARD AND LAWN MAINTENANCE, ROOFING** or any other outside job, please note:

IT IS NOT LEGAL

to remove, destroy or disturb most nesting wild birds, owls hawks, their nests or their eggs.

NESTING SEASON IS TYPICALLY MARCH-SEPTEMBER. YOU MUST CHECK FOR ACTIVE NESTS BEFORE BEGINNING YOUR WORK.

Cutting down or disturbing an active nest is in violation of California Department of Fish & Game Code 3503, 3503.5. Violators will be fined and restitution could be ordered.

Wild birds and animals are a valuable resource in this state for natural pest control and you can help preserve them. Violating the law can result in fines and related costs to you.
